Description

Bottle-shaped sculpture with the inscription "Gin" - Signed Roger Capron Vallauris. An exceptional and very rare collector's item signed by the renowned ceramicist Roger Capron (1922-2006). This bottle from the "Alcohol" series is an iconic example of French design from the 1950s and 60s, combining the elegance of Vallauris earthenware with a Pop-Baroque aesthetic. This piece features a rare design as it can be seamlessly transformed into a lamp base. It has a pre-drilled hole in the back and a large hole under the base, originally designed for concealed and secure electrical wiring. An ideal opportunity to create a unique designer light fixture. Signed under the base "Capron Vallauris France". Blue floral decoration on pristine white enamel, distinctive black lettering "GIN". Superb
