

Rare Diablotine Duplex Pocket Watch, 1870

3 400 EUR

Period : 19th century

Condition : Très bon état

Material : Sterling silver

Diameter : 55mm

Description

Very rare Diablotine Pocket Watch. End of the 19th century, 1870 The watch is equipped with a rare Duplex escapement with seconds in the center, the hand in the center beats half-second and the small at hours six per quarter second. This type of movement is called Diablotine which means a rare and fascinating horological complication that allows to instantly and accurately visualize fractions of a second, with a needle that "jumps" from one notch to another like lightning. Fabulous fully engraved golden brass movement. White enamel dial with Roman numerals, original hands. Excellent condition. Equipped with a key for charge and adjustment. Engraved silver case with landscape. Diameter 55mm Excellent condition Works well. To see the video of watch
