Description

Pineapple-shaped ice bucket with bas-reliefs of animals and exotic scenes. Large carved coconut treasure box. Vintage handcrafted piece. Bring a touch of exoticism and history to your home with this superb ovoid box made from a real coconut. Entirely hand-carved in relief, it is adorned with a lush design featuring animals: elephant, dromedary, deer, and dense tropical vegetation. The removable lid is finely crafted to represent the top of a palm tree. Its deep, dark patina testifies to its authenticity and age (circa 1950). Perfect as an ice bucket, trinket dish, planter, or sculptural decorative object. In beautiful vintage condition with a natural patina and some intentionally unrestored imperfections to preserve its vintage look and authenticity. Unique piece.
