Description

Beautiful Louis-Philippe style dining table resting on six turned legs with tapered ends. It opens in the middle to reveal a sliding mechanism for accommodating and supporting extension leaves. Please note that we do not have the extension leaves and this table is sold alone; it can accommodate up to 120 cm of extensions. Our table is a very fine piece of mid-20th-century craftsmanship, incorporating older elements likely dating from the late 19th to early 20th century. It is in very good condition and very stable; the sliding mechanisms operate perfectly without any force. It has a varnished and waxed finish. Dimensions without extensions: Height 72 cm, 120 cm x 104 cm. Dimensions with extensions fully extended: Height 72 cm, 120 cm x 224 cm (104 cm + 120 cm maximum
