Description

With its sculptural elegance, this Venetian mirror is distinguished by its engraved glass frame, adorned with finely crafted floral motifs. The mirror's octagonal shape with beveled edges is enhanced by a central foliate pediment that evokes the splendor of the 18th century while retaining the decorative lightness characteristic of the mid-20th century. Every element of its frame reflects Venetian craftsmanship: the delicate engravings, glass rosettes, and discreet fittings testify to meticulous work and refined aesthetics. This mirror is a decorative piece in its own right, ideal for enhancing an entryway, living room, or bedroom with classic or eclectic charm. *********Period: 1950.
