Description

Large, brightly colored poster, "Kodak Instant Color Photo Demonstration Center," printed in the USA circa 1960. Designed for professional photographers, this poster allowed for color calibration before shooting. The colors are therefore very vibrant and arranged according to the rainbow color wheel. This poster is mounted on two wooden slats and has its original hanging cord. There are some tears on the lower corners (see photo). Provenance: former photography shop. Free shipping within mainland France. Contact by email preferred. I am available for further information or additional photos.
