Five-panel Screen In The Louis XVI Style, 19th Century

1 400 EUR

Period : 19th century
Condition : Très bon état
Material : Painted wood
Width : 203 cm
Height : 165,5 cm

Description

A five-panel Louis XVI style screen in painted wood. Each panel is adorned at the top with small glazed panes, creating a light and luminous effect, while the lower section is covered in a simple and elegant fabric with fine vertical stripes. The molded frame is topped with delicate carved decoration, characteristic of the Louis XVI style. Both decorative and functional, this screen can structure a space, create a partition, or elegantly enhance an interior. It will find its place naturally in both classic and contemporary settings. Dimensions: Height: 165.5 cm; Total width when open: 203 cm. A beautiful decorative piece, ideal for a living room, bedroom, or reception area.
