19th-century Portable Medical Kit With Partial Medical Instruments

650 EUR

Period : 18th century

Condition : Bon état

Material : Solid wood

Description

Description: Authentic 19th-century portable medical case, made of wood and designed to hold various medical instruments, some of which are still present. This compact and functional object testifies to the medical practices and expertise of the period. The case shows signs of use and age, as well as slight wear, which is normal given its history. A fascinating piece for collectors of 19th-century medical antiques, curiosities, or travel items. Dimensions: Height: 24 cm Width: 26 cm Depth: 20 cm Condition: Fair condition. Partial contents. Minor wear. Please see photos for a complete description of the item's condition.
