

Oval Sanguine Study Painting Of A Putto

650 EUR

Period : 20th century

Condition : Très bon état

Width : cadre 81,5 cm

Height : cadre 53 cm

Description

An elegant 20th-century oval oil painting on decorative canvas. This blood-red painting, depicting a reclining putto surrounded by various objects--a water jug, a dish, a bunch of grapes--is rendered in a sketch-like style, creating a still life. The canvas is mounted on a plywood panel and presented in a molded oval frame. A high-quality, highly decorative work in good overall condition.
