Kwele Mask Gabon

1 200 EUR

Period : 20th century

Condition : Etat d'usage

Material : Solid wood

Description

Beautiful and rare Kwele mask, recognizable by its heart-shaped face and especially its smile (very rare on African masks), with a lovely patina from age and use, white kaolin, 35 cm high. Formerly in the Serge Leculier collection and at the Novocento gallery in Lyon.Note that I have to use powerful lighting to get good definition in the photos; reflections and glare on the images do not exist under normal conditions.
