Description

A rare and elegant set of four Tolix industrial chairs, emblematic of 20th-century French design. These chairs are made of galvanized stamped steel sheet using the process that made the Tolix factory, founded by Xavier Pauchard, famous. Recognizable by its openwork T-shaped backrest, the model combines a functional line with a simple and timeless aesthetic that has become iconic. The seats are upholstered with black vinyl cushions, providing added comfort while maintaining the original industrial feel. The authentic and consistent patina of the metal testifies to the age of the pieces and enhances their character. Manufacturer: Tolix Model: A Period: 20th century Material: Stamped steel Seat: Metal with added black cushion Quantity: 4 chairs Very good overall vintage condition. Signs
