

Brass Candlestick - 19th Century

160 EUR

Period : 19th century

Condition : Parfait état

Material : Brass

Description

19th-century brass candlestick converted into a bedside lamp. Polished brass. Socket mounted on an expandable cap; the electrical cord is new and meets current standards. The lampshade is handmade; other models are available in your choice of fabrics. The lampshades can be raised by candles of 2, 3, 5, or 8 cm if needed. The price shown is for the candlestick and its lampshade.

The electrically mounted candlestick can be sold separately for EUR100. Height of candlestick alone: 23 to 26 cm; total height: 43 to 46 cm. The conical lampshades can be replaced with more modern, straight shapes. Please specify your preferred candlestick and lampshade, as well as the desired candle height. I can send you photos of your choices. Do not hesitate to contact me for any further information.
