### Description

Bronze brutalist sculpture made by Belgian artist Marc De Bruyn (Aalst 1924-2009). This sculpture is a mix of brutalist structures and geometric shapes, you can see clearly several cubes in different dimensions, circles and typical brutalist raw structures. Mounted on a custom made metal display, with a total height of 34cm. Marc De Bruyn studied painting and sculpture at the Academy of Fine Arts in Aalst and later at the Higher Institute of Sint-Lucas in Ghent. Marc processes stone, copper, iron and aluminium directly on the raw material. His work is based on strong lines, geometric abstraction and fluid non figurative designs.
