Description

Art Deco period Macassar ebony letter rack. The curved, stepped shape is enhanced by a perfectly geometric center. It is balanced by a slender, rectangular base. This fan-shaped form is entirely rounded; only the diamond shape in the foreground is made of triangular brass, as if to add a touch of geometry. The whole is enhanced by a sunburst motif in mahogany and cherry wood. This motif is repeated at the corners of the bottom shelf. The skyscraper shape is modernist and suits any interior. A rare piece. Delivery possible, not included in the price.
