Description

72 cm, very large and very decorative candelabra from the Napoleon III period around 1860. In finely chiseled gilt bronze, decorated with an imposing and magnificent seated cherub, gripping a trunk from which a multitude of branches emerge forming a splendid candlestick. Candlesticks composed of seven lights, each candle holder is equipped with a wax protection and a flame at the top as a damper. Very architectural base in solid black marble decorated with leaves and a bronze counter-plinth with four feet.
