

Spherical Glass Vase In The Style Of Willem Heesen, Late 20th Century

1 600 EUR

Period : 20th century

Condition : Très bon état

Material : Glass

Diameter : 22

Height : 21

Description

A mouth-blown amber glass vase, spherical in shape, with a round opening. The surface features delicate silhouettes of branches and leaves that appear as shadows on the glass, giving the piece a poetic, nature-inspired presence.
