

Royalist Engraving - Portrait Of Charles X, King Of France And Navarre, Giltwood Frame, 1820

800 EUR

Period : 19th century

Condition : Très bon état

Material : Gilted wood

Description

Large portrait engraving of Charles X, King of France and Navarre. The monarch wears the sash of the Order of the Holy Spirit, the Order of the Golden Fleece, and his medals of the Order of Saint Louis. After a drawing by Ollagnon. Restoration period, early 19th century, circa 1820. Presented in its original giltwood and stucco frame. A beautiful royalist historical memento, typical of the Restoration. Large and highly decorative format. Our engraving is in excellent condition, very clean and spotless, with bright white paper, a beautiful frame without any damage, and the gilding has been fully cleaned by our gilder. Height: 68.4 cm Width: 56.2 cm
