Description

Figure of a Chinese Woman in Tiger's Eye, circa 1960, resting on an oval-shaped carved and perforated base made of reddish exotic wood. The woman is wearing a dress with ample, soft drapery and a shawl over her shoulders, her hair gathered in a hairstyle. In her right hand she holds a sort of shovel, while her left hand is raised as if in greeting. In excellent condition, the stone used is particularly intense in its luminescence. China, 1960.
