400 EUR

Signature : Arne Jacobsen

Period : 20th century

Condition : Bon état

Material : Painted wood

Length : 49

Width : 50

Height : 77

### Description

Series 7 chair, model 3107, designed by Arne Jacobsen, manufactured by Fritz Hansen. The seat and back are made of molded beech plywood with a black lacquered finish. The frame is a chromed tubular metal base with original rubber glides (slightly worn). The presence of a metal cover under the seat indicates that this chair is one of the early versions, dating it to the 1960s. The Fritz Hansen label is present on this cover. The chair is in good condition, however, there is some minor wear to the black lacquer on the edges of the back and seat, as well as small scratches and micro-scratches.
