Description

Pair of Space Age-style cylindrical pendant lights in glass and chromed steel, by GLASHÜTTE LIMBURG, circa 1960-70. Height (without cable): 48 cm. The height can be adjusted depending on the length of the cables chosen. Diameter: 18 cm. These lights are in good condition: the chromed steel is free of pitting, the wiring has been checked, and they use E27 bulb sockets (fully compatible with LED bulbs). There are a few small chips on the edges, partly due to the cutting of the textured, bubbled glass.
