Description

Beautiful pair of military cartridge pouches for a submachine gun (MP41/44) in tan saddle leather. This set remains attached to its original canvas carrying strap. The leather has a beautiful patina from use with some superficial cracks that do not affect its strength. Marked with the Wimmis arsenal (Swiss Cross on a W) and a perfectly legible manufacturer's stamp: "Hch. Müller, Sattler, Wynigen, 45". An authentic piece of militaria, a testament to the end of the Second World War, ideal for collectors of Swiss or other historical items. Good condition - Note: a small rivet is missing on the back of one strap.

Shipping: Free for France and Corsica. Careful packaging - Tracked shipping within 24/48 hours.

Payments: Credit cards, bank transfers, or PayPal
