### Description

Glazed ceramic bowl. The bowl features a rich and subtly nuanced gradient. It rests on a splayed foot, lending a modern yet historical feel. The creamy beige background shifts between blue-green and aquamarine tones, all within shades of violet. The glaze technique suggests the artist applied the colors directly on the wheel, as the droplets at the base still appear vibrant. The bowl's richness is enhanced by its inward-curving neck and rounded rim. Delivery is available but not included in the price.
