

## 17th Century Oak Stool

950 EUR

Period : 17th century

Condition : Très bon état

Material : Oak

Length : 45.5 cm

Width : 25 cm

Height : 56 cm

### Description

Rare 17th-century oak stool in the Louis XIII style. The base is made of turned wood in a baluster style, the legs are joined by a stretcher and are flared, giving it a lot of character and great stability. There is slight wear at the base of the legs (see photos) and a circular stain on the seat. Good original condition.
