Description

Evelyne Baget Fragments of Presence
Series Presence 2 - Monumental Detail, Portrait of a Young Man after Anne Louis Girodet (19th century)
In a monochrome palette of deep blues, the paint builds up to form a face with a restrained intensity. The detail, scaled up to a monumental size, intensifies the gaze and affirms its silent power. Between tension and interiority, this painting asserts itself as an immediate and embodied presence. Acrylic on canvas, mounted on a stretcher. Dimensions: H 240 × W 120 cm - Monumental 2025 Reference: LS66492003
