Description

A magnificent and rare pair of very large vases in fine faïence, richly decorated with hand-painted scenes in a delicate and romantic style: landscapes and gallant scenes, rendered in pastel tones with exquisite craftsmanship. Both vases feature hand-painted decoration and are signed, attesting to high-quality artistry. Each vase rests on an elegant cobalt blue base and foot enhanced with refined gilding, with a rich gilt metal mount, adding contrast and brilliance to the whole. The vases are surmounted by spectacular naturalistic bouquets in gilt bronze, of remarkable chasing quality: slender stems, finely detailed leaves and flowers, forming veritable three-dimensional floral compositions. Some elements incorporate candle holders, allowing for decorative use akin to a grand mantelpiece or drawing-room
