250 EUR

Period : 18th century

Condition : Restauré

Material : Earthenware

Height : 23 cm

### Description

Lunéville Faience Teapot - Late 18th, Early 19th Century. Large covered teapot on a polychrome pedestal, fired at low temperature, originating from Lunéville, France. Decorated with a Chinese figure on a grassy mound (known as the "big finger" style). Also decorated with a rock and shrubs in the Chinese style, with scattered flowers. The piece is slightly molded with combed decoration. The piece is in good condition, having undergone repairs to minor chips (1 lid, 1 spout, 1 upper rim, 1 chip on the base, see last photos). The hinge holding the lid is missing. No cracks. Total height 23 cm
