### Description

An interesting oil painting on canvas depicting a noble young woman in a three-quarter view, her left arm behind her back, holding a distinctive peacock feather necklace. Her attire is also highly unusual, as she wears a masculine green, double-breasted blouse, rounded off by a striking white lace collar. Central Italy - late 18th century, early 19th century. The canvas measures 35cm x 51cm, and the simple wooden frame on which it is mounted has a 6cm section. The painting is in good condition, never restored, and still requires cleaning. (It shows shellac splatters on the surface.) We include a certificate of authenticity with the sale.
