### Description

An interesting overdoor painting depicting a mythological scene set in a woodland landscape, in which cheerful cupids dance and play musical instruments while adorning a marble statue with long festoons of flowers. This is an unusual iconography that deserves further study to define its precise cultural context. The panel mounting suggests a 17th-century painting, or perhaps earlier. Measures with antique frame: 40cm x 77cm. A certificate of authenticity is included with the sale.
