Danish Model 1773 Dragoon Sword

1 950 EUR

Period : 18th century

Condition : Bon état

Description

A rare Danish 1773 model Dragoon Pallask. One of the largest, regulation cavalry swords we have come across, with the overall length measuring approximately 115cm. Double fullered straight blade measuring approximately length of 96cm. Heavy brass, basket hilt design with apple style pommel and leather covered grip retaining single wire binding. Inspection stamp to quillon "VB". Complete with steel scabbard. Surface rust in areas, would benefit from a light oil.
