Set Of 10 Hand-painted Wall Sconces On Panel - 1950s

600 EUR

Period : 20th century

Condition : Bon état

Material : Painted wood

Description

Striking set of 10 wall sconces dating from the 1950s, hand-painted on shaped wooden panels. Each sconce features classically inspired landscape scenes, with rural architecture, trees, and bucolic views, drawing from the Italian decorative tradition of the early 20th century. The shaped outlines of the panels create a dynamic and highly decorative overall composition.
The sconces are fitted with faux candle lamp holders and are ideal for creating a scenographic wall installation, particularly suitable for atmospheric interiors, historic settings, venues, or decorative installations.
Please note that the electrical system requires servicing and is not guaranteed.
Overall, the set is in good condition, with signs of age consistent with the period.
