1 500 EUR

Period : 19th century

Condition : Restauré par notre atelier

Material : Oak

Width : 89 cm

Height : 78 cm

Depth : 49 cm

### Description

This small solid oak desk, dating from the late Victorian period in England, captivates with its warm wood patina and exquisite craftsmanship. It features a large drawer extending beneath the writing surface, providing ample storage space, while two smaller side drawers below offer efficient organization for miscellaneous items. The finely crafted metal handles, shaped like rosettes and fitted with pull rings, add a decorative touch that is both refined and functional. The corners beneath the larger drawer are adorned with fan-shaped carvings, creating subtle relief that draws the eye and enhances the desk's silhouette. The desk rests on four expertly crafted, turned legs that ensure stability while highlighting the elegance, timeless character, and ideal dimensions of this piece of furniture.
