Period : 19th century

Condition : Très bon état

Description

A rare pair of gilded and burnished bronze candelabra depicting two winged Victories holding a five-light candelabra, resting on plinths embellished with a chased sphere. The two candelabra come from an important private collection in Monaco and were previously owned by a leading Parisian antiques gallery.

Subsequently, after being acquired during the Lingotto Antiques Biennial in Turin (Federico Zeri was on the scientific committee), they were transferred to the Zabert Gallery in Turin, where they retain the original paper seal. Presented at the time with an attribution to the renowned bronze artist Pierre-Philippe Thomire (1751-1843), they are, in my opinion, attributable to the Manfredini factory, of which, below, some historical information is available from publicly available
