Description

Brass Bed - 20th Century. An elegant brass bed with a symmetrical and balanced design, composed of a headboard and footboard with vertical posts punctuated by decorative spherical elements. The simple and refined tubular structure reflects the aesthetics of the 20th century, blending classical inspiration with timeless lines. The brass has a beautiful original patina, adding warmth and character to the piece. This bed integrates perfectly into a classic, Art Deco, or eclectic bedroom, and is both a functional and decorative piece. Period: 20th century. Material: Brass. Condition: Very good overall condition, slight signs of wear consistent with age. An elegant and timeless bed, ideal for adding a touch of refinement to a bedroom.
