A ring with a very simple, oval-shaped setting. It is adorned with a rose quartz cabochon, and the setting is delicately openwork with geometric designs. A small palmette embellishes the V-shaped band. Period: 20th century. Main material: 18k rose gold (750/1000). Total quartz weight: approximately 4.56 carats. Proportions: Height: approximately 15.3 mm, width: approximately 8.8 mm, thickness: approximately 7.5 mm, band width at the base: approximately 1.9 mm. Net weight: approximately 2.6 g. Antique jewelry - Early 20th-century work. Our opinion: Like a small candy, the rose quartz on this antique ring is intensely colored and translucent. Resizing is possible; please contact us.
