Description

Elegant circular bowl in solid bronze with a medal patina. The center is decorated with a fleur-de-lis in relief on a bush-hammered background, surrounded by a gadrooned border.

This Neo-Renaissance style piece is a high-quality production from the CIP art foundry. It bears the workshop mark on the reverse, as well as the word "BRONZE" stamped in relief. A simple and decorative collector's item, typical of French decorative arts of the Belle Époque. Circa 1900-1920. Good condition with a lovely patina. Dimensions: [To be completed] cm | Weight: [To be completed] 417 grams
