Description

Marble Tondo of Christ's Profile, Late 17th/Early 18th Century. This interesting marble tondo, dating from the late 17th or early 18th century, depicts the profile of Christ facing right, sculpted in the style of a cameo in high relief. Christ appears as a handsome young man with long hair and a full beard, all very finely sculpted and detailed. There is a small chip on the left side of the tondo, visible in the photos. The marble is of good thickness and has a beautiful antique patina. A very fine antique marble sculpture.
