Description

Antique Louis XVI style carved and gilted wood mirror. The pediment is adorned with a vase of flowers framed by garlands, resting on a molded crossbar. The side panels feature floral and fluted motifs. The decoration is carved from a single piece of wood, with traces of old gilding and a patina from use. The mirror is mounted on an antique backing with its original hanging system. The silvering shows pitting and signs of age, consistent with the object's age. Some losses and old restorations are visible, but these do not detract from the overall stability or appearance. Dimensions: Height: 59 cm / Width: 35 cm
