Description

Boulle inlay gaming console, 19th centuryElegant and perfect Boulle inlay gaming console, a refined expression of French cabinetmaking, characterized by extremely rich and spectacular craftsmanship. The structure is decorated using the famous Boulle technique, with an engraved brass base and precious red tortoiseshell inlays, which form a dense ornamental repertoire of scrolls, arabesques, and lily motifs, symbols of royal and baroque ancestry.The shaped top, embellished along the perimeter with a finely chiseled baguette in gilded bronze, adds further brightness and value to the whole. The underside is enlivened by an elaborate decorative apparatus in gilded bronze, with an ornamental mask in the center that acts as the visual focal point of the composition.The console rests on four elegantly
