8 500 EUR

Signature : DROCOURT à Paris

Period : 19th century

Condition : Très bon état

Material : Bronze

Width : 7 cm

Height : 10 cm sans la poignée

Depth : 6 cm

Description

Rare small Drocourt clock dating from 1880, 10 cm high, 7 cm wide, and 6 cm deep. It features a gilt bronze case with chased floral decoration and a grey enamel dial decorated with cherubs. It has a small striking mechanism with quarter repeater, a silent mode lever under the clock, and a moon phase indicator in an aperture on the lower dial. It is functional, striking, running, and moon phase. The movement will be serviced upon request (additional cost 350 euros). The original carrying case is in very good condition (a key is included).
