1 350 EUR

Period : 20th century

Condition : En l'etat

Material : Solid wood

Width : 150

Height : 259

#### Description

Authentic pair of doors typical of butcher shops and delicatessens, with their upper sections protected by wrought iron and internally by glass panes mounted on clever mechanisms that allow air to circulate (see 4th photo). They can also be used as entrance doors, shop doors, boutique doors, bistro doors, workshop doors, or simply as decorative woodwork elements with their charming faded paintwork highlighting their history.
