A very fine Napoleon III period jewelry box in gilt and silvered bronze. The artist's exquisite craftsmanship has resulted in a remarkable piece, distinguished by its exceptional quality. The alternating gilt and silver sections create a highly original and decorative effect. The Napoleon III style and period brilliantly incorporate decorative motifs from the 18th century and the Louis XVI style. Of particular note is the charming motif of two birds in flight, symbolizing love. A very rare collector's item, perfect for a sophisticated interior.
