### Description

Splendid and refined display cabinet in solid walnut, adorned with fruitwood inlays and fillets. The display cabinet is tripartite and convex, with knob-shaped feet and a wavy top. Glass panels are present on three sides, the largest of which is the central one, where the key to open the shelves is located. There are four shelves, covered in red fabric and ergonomically designed for storing objects. The inlays, which cover almost the entire body of the cabinet and feature various floral motifs, further enhance the elegance. Adding further elegance are two gilded bronze candlesticks, cast using the lost-wax method, on either side of the central glass. This piece is in excellent condition, displaying great taste and refinement, and will add a touch of class to any room. Italian craftsmanship from the mid-19th
