Description

French Model / Masterpiece. A masterpiece is a key piece that demonstrates its creator's (often an apprentice or student in construction, carpentry, or architecture) mastery of several complex skills within a single project. It was frequently seen in: - construction and carpentry training programs, - architecture programs, - restoration or cabinetmaking schools. A very fine example with lovely details. In very good condition, complete. Signed: J. Bergeron 1913. Dimensions: 70H x 33D x 41W.
