Description

Hermès tie clip, in gold-plated metal, shaped like a barrette and adorned with enamel, featuring motifs highly evocative of the renowned silk scarves from this prestigious fashion house. With a nautical theme, the barrette is traversed along its entire length by ropes wound around anchors. The black and gold two-tone design lends this tie clip considerable elegance and luminosity. It is duly signed on the reverse with the engraved name of this prestigious house. Condition: imperceptible micro-scratches or abrasions on the metal parts, and imperceptible losses of enamel. Due to the overall design of the barrette, its colors and motifs, these losses are not visible when worn. Payment can be made entirely remotely via the website. We remain at your disposal for any information regarding other payment methods.
