Important Silver-Tone Necklace Adorned with 19 Spanish Coins Description: This important silver-tone necklace features a chain with thick oval links and is adorned with 19 decorative Spanish coins, the true focal points of the design. Inspired by historical Spanish coins, the pieces depict an iconic horseman brandishing a lance, alongside the inscription ESPAÑA and the Spanish coat of arms. Their striking iconography, directly derived from the Iberian monetary system of the mid-20th century, lends the necklace a powerful and instantly recognizable identity. Intentionally preserved in their original patina, these coins add character and depth to the necklace, creating a subtle contrast with the flowing lines of the chain. The overall effect is a balanced drape and a commanding presence,
