Double Silver Teddy Bear Rattle

165 EUR

Period : 20th century

Condition : Très bon état

Material : Alloy

Length : 10.5cm

Diameter : 5.5cm

Description

A birth gift that used to be given...a silver rattle in the shape of a dumbbell, so that it would be easy for little hands to manipulate...Teddy bear faces are stamped on the ends, but the baby will pay no attention to them, he doesn't yet know what a Teddy Bear is...but his godmother thought it was cute.
