

## Set Of Large Enameled Pharmaceutical Emergency Bottles

365 EUR

Period : 20th century

Condition : Très bon état

Material : Glass

Diameter : 10 cm

Height : 23cm

### Description

Large bottles and flasks from the pharmacy held many mysteries for a novice like myself; I couldn't even translate the enamel labels on these containers. Six have a bottle neck, the others a wide, emery-like neck. Some were for liquids, others for powders. A magnificent collection from the early 20th century.
