Description

A substantial two-part bookcase in solid walnut, dating from the Directoire period, boasting beautiful proportions and an elegant simplicity characteristic of the late 18th century. The lower section opens with four paneled doors, offering ample storage space. The upper section features open shelving without a back, ideal for displaying books or objects, lending lightness and visual depth to the piece. The half-round moldings on the uprights, a refined detail typical of the Directoire style, emphasize the vertical architecture of the piece and attest to meticulous craftsmanship. The high-quality walnut has a warm, aged patina, revealing the authentic character of the piece. This bookcase is both functional and decorative, perfectly suited to a classic or contemporary interior, in a living room,
