Description

Set of five Louis XIII style chairs in solid beech, dating from the mid-20th century. Our chairs rest on two twisted front legs connected at the front, under the seat rail, by a twisted crossbar. The two rear legs are tapered and slightly angled. The whole is connected by a turned H-shaped baluster stretcher. The upholstery fabric is in fairly good condition and can be kept. The seat cushions are made of foam, and the webbing is a little worn on some, making the seat rather soft. However, it is possible to add a second layer of foam underneath and then secure it with new webbing, thus reducing the cost of reupholstering and preserving the original fabric. Dimensions: height to back 106 cm, seat height 50 cm, width 49 cm, seat depth 44 cm, total depth 59 cm. For shipping costs, please contact us.
