Description

A striking lamp in hammered brass with a golden finish, an Italian design from the 1970s. It features a pear-shaped base in hammered brass with concave sections that capture and reflect the golden light. It is topped with a large, deep black lampshade (50cm diameter) with a golden interior that diffuses a warm and enveloping light.

Equipped with a three-bulb stem, this lamp offers a sophisticated lighting system thanks to two push buttons: Soft Ambiance: Turn on the central bulb for a soft and intimate light. Bright Lighting: Activate the two side bulbs for a more generous brightness. Full Power: Combine both for optimal illumination. Height of the stem without the lampshade: 68cm. A modernist lamp in very good condition, perfect for a living room or bedroom.
